

Transforming surfaces Elevating spaces

Mastering wood veneer

At **E.B. Bradley Company**, we proudly partner with Leeuwenburgh to bring you a premium line of high-quality, prefinished real wood veneers for cabinetry, furniture, and architectural projects. A leader in the veneer market for nearly 50 years, Leeuwenburgh combines classic craftsmanship with a deep commitment to innovation, resulting in decorative surfaces that offer both authentic natural beauty and reliable consistency.

Among the many unique features of their veneers, the Brushless Waterfall Finish is a true standout. This unique method flows the finish over the surface in a continuous "waterfall," creating a perfectly smooth, flawless, and professional-grade coat every time.

When you choose E.B. Bradley Company and West Coast Laminating, you get more than just a superior product. You gain access to a trusted line supported by our expert service, local inventory, and dependable delivery across the West Coast. Let us help you bring your next vision to life.

The Lignapal Collection: Where Natural Beauty Meets Unrivalled Efficiency!

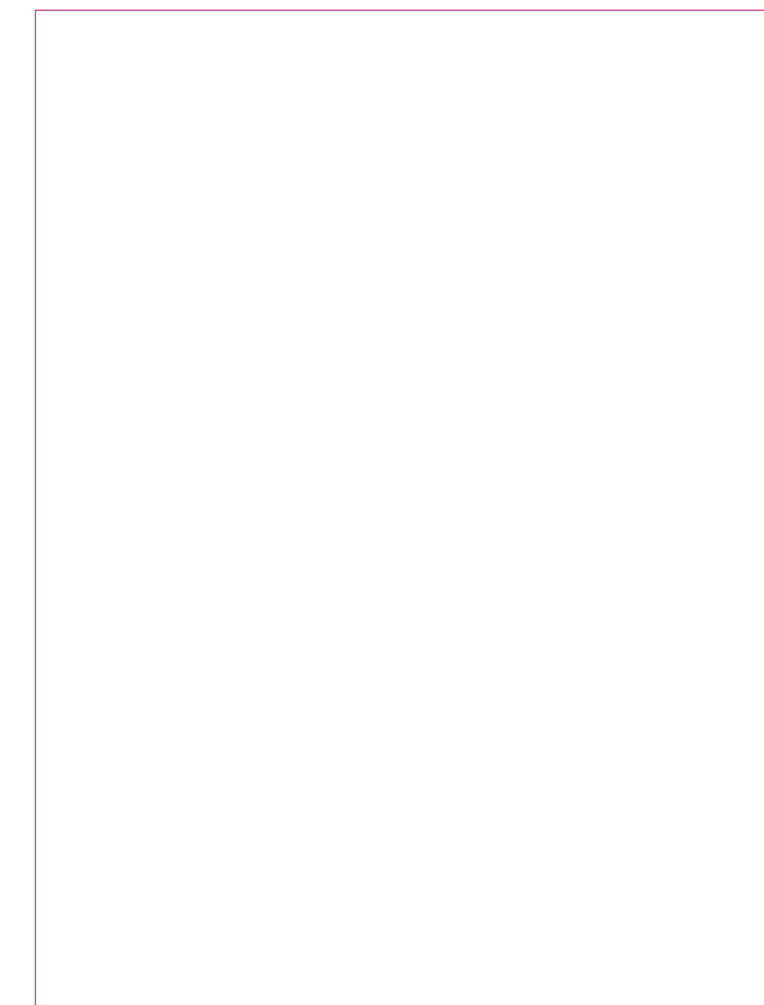

Feel it for yourself!

Crafted in The Netherlands using advanced manufacturing technology, Lignapal offers premium, prefinished real wood veneers that are ready to transform spaces. Each veneer boasts a refined, contemporary matte finish, showcasing the natural allure of real wood while providing a durable and consistent aesthetic.

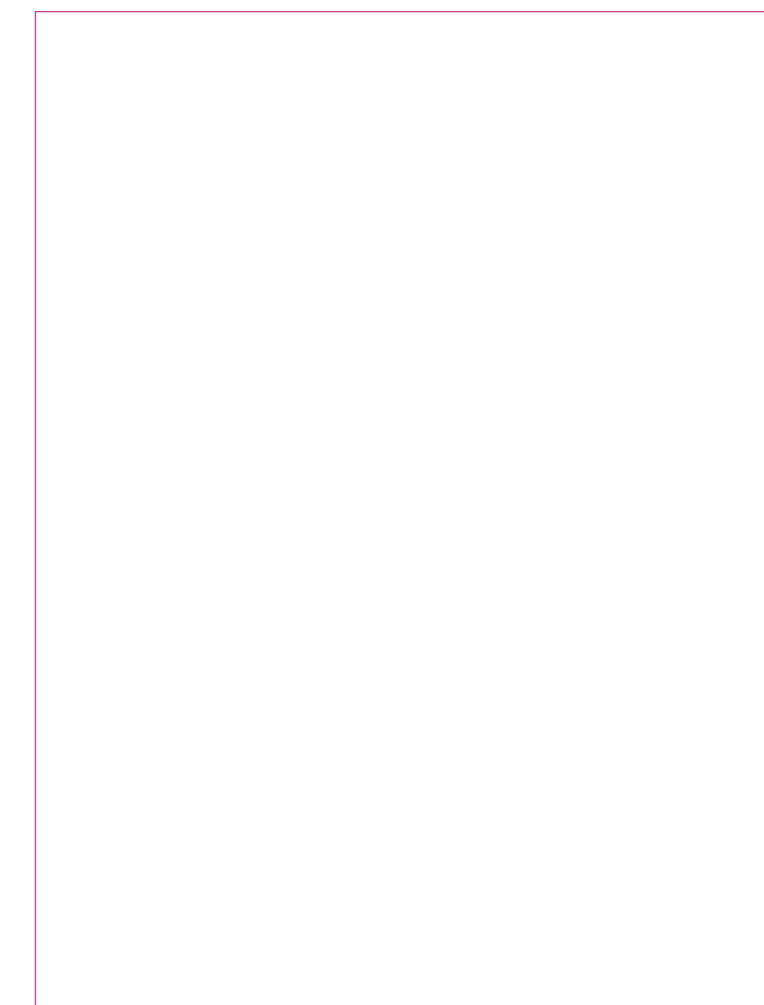

Why Choose Lignapal?

- **Modern Matte Finish:** We've curated a hand-selected range of real wood veneers, all featuring a sophisticated matte finish that perfectly aligns with today's design trends.
- **Effortless Installation:** Say goodbye to time-consuming sanding and finishing! Lignapal's prefinished surfaces are ready to install immediately, saving you valuable time and labor on every project.
- **Consistent, Durable Finish:** Lignapal's waterfall lacquer system not only enhances the natural wood grain and color of real wood but also provides a remarkably durable finish.
- **Flexible Solution:** Whether you need loose veneer sheets, boards, laid-up panels, real wood edge banding, ABS edge banding, or custom components, our versatile, well-stocked product line can meet all your projects requirements.
